The [Lipsius Building](#) is that red elongated square building just above the text box “Witte Singel Doelencomplex” in the middle of the map, situated on the Cleveringaplaats, which is a continuation of the Doelenstraat. If you come by car, the best thing to do is to park it on the Haagweg parking place near the railroad crossing, because you don’t need a pass for parking there; a little money will do the trick. This parking facility is about 5 minutes on foot from the Lipsius Building. For those who come by train: head for the Rapenburg and take a right turn at the Doelenstraat. For all: take the main entrance and follow the directions there.
